Old Business

  Roger has done an excellent job with this.

- **Proposed Changes to 1994 By-Laws – Dave Mudge**
  The revisions to the by-laws are under final review by the Executive Board.

New Business

- **Student Scholarship Proposal – submitted by Roger Moeller, presented by Kurt Carr**
  Money would be kept in an investment account for 5 years. Don’t touch the principal; live off the interest. There is a similar fund held by the Society for Pennsylvania Archaeology. Roger proposed a Committee of three that would include the Treasurer (Elizabeth Moore), Carole Nash and Kurt Carr. Dave Mudge made a motion and Liz Crowell seconded it to establish this fund. It was suggested that an account could be established on ETrade. There was discussion. Jim Gibb recommended that the organization match donations. Mike Barber presented on the experience of the ASV. They invested $200,000. Initially, they were giving $8000 in scholarships; now they are giving $1500. Kurt Carr indicated that in Pennsylvania the money is diversified (in cds, mutual funds, money market funds and bonds). They started with $10,000. Now they have $80,000. To increase the fund, MAAC can seek sponsors and get donations. MAAC will continue to ask for sponsors for student papers over the next several years so the fund can grow. It was recommended that when the fund is established, that support is limited to $2000 per year. Dave Mudge suggested an amendment to the motion indicating that the governing board for this fund set up guidelines. Mike Barber indicated that he had heard in the Treasurers Report that MAAC had $31,000 and suggested that there be seed money put into this account to get it established. It was suggested that MAAC could set up a donation page with a PayPal link. Mike indicated that he would rather invest in students than invest in mini-grants. Checks could be made to MAAC fund to support students. The money would go into an account specifically for this purpose. A motion was on the floor to establish and fund a scholarship. The motion carried unanimously. Mike Barber made a motion, seconded by Mike Madden to transfer $10,000 into the scholarship fund. Bernard Means indicated that the mini-grant proposal was to fund research, but funding students also funds research. Kurt Carr reiterated that there need to be strict guidelines and money needs to be kept separate. There was a vote on this motion and the motion carried. Dave Mudge made a motion to name this fund the MAAC Student Sponsorship Endowment Fund. There was discussion of how student sponsors would be identified and how the funds would be dispersed. It was determined that the President Elect will take on these duties.

- **MAAC Mini-Grant – Heather Wholey**
  This will be tabled in favor of the student sponsorship.
